Examiner: Alexandria Pechold

To Whom It May Concern:

I Casimir J. Wojtaszek, here by with drawl my abandonment on the following patent. I am truly sorry I delayed so long to follow up, however it took some time to provide you with evidence on my current address change.

My current address was changed for emergency 911 reasons, leaving me receiving other people's mail leaving me with out mail and my mail going else were.

I have enclosed copies of other individuals mails just as an example of the mail I receive. I was notified by Alexandria after the due date of my patent, that I was mailed important documents that needed to be responded to, which in fact the documents were never received.

Please be advised I am still highly interested in the above patent and would not consider abandonment on my patent. At the end of all the confusion my only request is to have my patent, after reading and consideration I hope you come to the conclusion that I Casimir J. Wojtaszek had never abandoned my patent. I thank you in advance for you cooperation and the effort you take to correct the matter.

Thank You In Advance,

Casimir J. Wojtaszek
